Allocations

The 2025 campaign raised a total of 2.02 million dollars in pledges and gifts.

Funds collected are distributed through regional United Way organizations located in the communities where contributing employees live and work. Other agencies in these communities can apply to EBECSA for funding. The Administrative Committee evaluates all requests to determine how the funds are allocated.

$2.38 Million

CAMPAIGN 2026

CELEBRATING 75 YEARS OF COMMUNITY SERVICE
EST. 1951 2026

October 1st thru October 31st

Electric Boat Employees' Community Services Association

Who is EBECSA?

EBECSA is all of us who contribute to the best of our ability through payroll deduction to "Electric Boat Employees' Community Services Association." EBECSA is administered by a committee composed of Salary and Union contributing employees. The administrative committee has employee representatives from the Marine Draftsmen's Association, Metal Trades Council, United Brotherhood of Carpenters and Joiners of America, Management Association, and other appointed salaried members.

Employees Helping

Each Other, Our Families, Our Friends, and Our Communities, Together

The Electric Boat Employees' Community Services Association was formed in 1951. Funds collected through employee payroll deduction are carefully allocated to approved non-profit health and social service agencies. Emergency loans and assistance are also available to Electric Boat contributing employees in serious financial need. The Community Services Emergency Fund is administered by a United Way Community Services staff member.

Contributions

Electric Boat and United Way have a strong relationship. Together, contributions made by Electric Boat as a corporation and by a significant majority of EB employees combined together to make Electric Boat the #1 employee contributor to the local United Way's annual campaign. Electric Boat also supports United Way by loaning EB employees to assist United Way during their busy campaign season. EB employees volunteer on numerous United Way committees and on the boards of member agencies. Members of our labor unions are strong supporters of the Gemma E. Moran United Way/Labor Food Center. In 2025, 460 EB employees pledged at the "Spinnaker" level by giving more than $1,000 annually through payroll deduction to EBECSA.

food pantry **education** **heating assistance** **housing** **childcare** **helping veterans**

Annual Campaign

Every Fall, usually from October into November, the EBECSA teams with United Way to run our annual fund raising campaign. The funds donated by Electric Boat employees support a network of health and human services programs targeted to meet critical needs in our communities. About 85% of the funds raised are disbursed to United Way. The remainder is used to support other non-profit agencies.
